

Candidate's log of practical industrial NDT experience

Candidate's Name:		Candidate's Surname:	
Candidate's Phone Number:		Candidate's E-mail:	
PCNDT No:		NDT method:	▼

The candidate shall keep detailed written records of all industrial experience gained in the NDT method for which certification is required to meet the minimum experience hours detailed within Table 1 of HINDT PROC-074. All entries made on FORM-075 of HINDT PROC-074 shall be reviewed by the employer's 'suitably qualified representative (referee)' in preparation for the candidate and employer's attestation declaration, which shall be made on HINDT FORM-054 within HINDT PROC-074 prior to the candidate's submission of HINDT FORM-054 to HINDT PCNDT for verification.

Experience in the method for which certification is sought should be entered into the white space below. Details may include, but not be limited to, the candidate's use of codes, industrial standards, NDT procedures, written NDT instructions and techniques for the testing of the employer's components/materials/plant or structure.

(a) A one-day duration is at least seven hours, which can be achieved on a single day or by accumulating hours. The maximum allowable hours in any one day is 12 hours. Experience in days is achieved by dividing the total accumulated hours by seven.

Candidate: insert details of NDT technique/code/procedure or standard applied	Candidate: insert details product tested	Candidate: insert number of days experience accrued on task [(a) 7 hours = 1 day]]	Experience confirmed as satisfactory by: insert name, PCNDT number or other certification system identifier for each entry
